ABSTRACT

The bibliography is divided into sections according to the source of the materials. The first category lists resources available for review at Maine's Office of Homeless Education. These resources, which are listed by format, consist of 31 articles and reports; 1 audiocassette; 1 curriculum guide; 4 periodicals; and 3 videos. The focus of most of these items is education for homeless children and youth. The second section lists 30 items available from the Maine State Library. Eleven of these are monographs on homelessness; 15 are federal government publications, which include reports on congressional hearings and federal programs; 2 are reports by federal advisory commissions; and 2 are publications of the State of Maine. The third section of the bibliography lists five reports and a resource handbook available from other organizations together with the names and addresses of the organizations. The call numbers are provided for the state library items, of which eight federal reports are on microfiche. (KRN)
